

Is your stock taking...

# Hire Scales - from the experts

...fast, accurate and cost-effective?

**When it comes to stock taking, using the right equipment can make it easier and much faster.** However, this equipment can be expensive to buy for just a few weeks work a year, so why not consider hiring the counting scales you need?

Sartorius is one of the world's leading manufacturers of weighing equipment, and offers a wide choice of scales for hire to meet your stock taking requirements.

When you hire scales from Sartorius, we promise:

- the scales will be delivered to your premises
- all scales will have been tested and calibrated before you receive them
- we can train your operators on the scales, and leave simple instructions
- an engineer will be on call throughout your stock check, even weekends if required
- we'll pick up the scales when you've finished

All of the above is included in the hire price of the scale, so you only get one invoice and we arrange the rest. **Turn overleaf to find out how to order your hire scales.**
