Service for Laboratory Weighing Equipment

Weigh In Confidence Only The Best

Sartorius is committed to ISO quality control which guarantees you a premium quality service. We have over 130 years of experience in laboratory weighing equipment.

All lab weighing equipment such as balances and moisture analysers should receive approved regular servicing to ensure accuracy.

Take out a Sartorius Service Agreement and you can be confident that all your laboratory weighing equipment (we cover ALL brands of weighing equipment) will be correctly checked and calibrated to national traceable standards.

Giving you that extra peace of mind, we are ISO9002 and UKAS accredited which means your weighing equipment will be calibrated to the highest industry standards.

Customer Service Agreements benefit from:

- 20% discount on workshop repairs
- Reduced emergency call-out charges

- Basic cal check or full service options
- Repairs and calibration to factory standards
- Accurate calibration for your weighing equipment and audit-ready solutions/certificates to prove that they satisfy UKAS, DKD, ISO9000, ISO17025 and other quality standards. Also, we are able to advise on the correct calibration protocol, frequency and certification required to meet these requirements
- 12 months warranty on parts and labour (only genuine manufacturers' spare parts used)
- Fast attendance to emergency call-outs
- All service work performed by Sartorius factory-trained and authorised calibration engineers
- 90% completion of first visit repairs
